

Customer Terms - Refunds and Cancellations

Document ID: LEG-TRM-004 Version: 3.0

Effective Date: 1 January 2026 Owner: Legal

Classification: External Supersedes: LEG-TRM-004 v2.1

1. Scope

This schedule governs refunds and cancellations for all Atlas Platform subscriptions. Where any other Cerulean Systems material, including marketing pages, help centre articles and customer FAQs, describes refund rights in terms that differ from this schedule, this schedule prevails.

2. Refund windows by plan

The period within which a refund may be requested depends on the plan under which the subscription was purchased.

Plan | Refund request window | Measured from

Atlas Starter | 30 calendar days | Date of first payment

Atlas Professional | 30 calendar days | Date of first payment

Atlas Enterprise | 14 calendar days | Date of invoice

The 30-day window described in general customer-facing materials applies to the Starter and Professional plans only. It does not apply to Enterprise subscriptions, which are negotiated agreements and are subject to the 14-day window above unless the executed order form states otherwise. Where an executed Enterprise order form specifies a different period, the order form governs.

3. What is refundable

Refundable: the unused portion of the subscription fee, calculated from the date the refund request is received; optional module fees for the same period. Not refundable in any circumstances: implementation and onboarding fees once the engagement has begun; data migration fees once migration has started; custom integration development already delivered; any third-party licence purchased on the customer's behalf.

4. How to request a refund

Submit a written request to the billing contact address, quoting the subscription reference. Requests are acknowledged within two working days. Approved refunds are paid to the original payment method within 15 working days of approval. A request submitted after the applicable window has closed will be declined. Late requests may be escalated to the Head of Customer Success, whose decision is final.

5. Cancellation without refund

A customer may cancel at any time by giving 30 days written notice. Cancellation outside the refund window ends the subscription at the end of the current paid term. No pro rata credit is given for the remainder of the term.

6. Cancellation by Cerulean Systems

Cerulean Systems may terminate a subscription for material breach that remains unremedied 30 days after written notice, or immediately where the customer uses the platform unlawfully.

Where termination is for convenience, the customer receives a pro rata refund of prepaid fees for the unused period.
